PRESS STATEMENT

THE AFRICAN BAR ASSOCIATION WARNS AGAINST DESTABILIZATION OF NIGER REPUBLIC

The African Bar Association is very disturbed about reports of Security threats to the Republic of Niger by anti-democratic forces with the intention to forcefully change the Legal order.

These destabilizing elements whether jihadists, bandits or other Criminal elements must understand very clearly that their mission will not only be unacceptable but will cause them lots of regrets.

The African Bar Association hereby reiterate her commitment to a democratic peaceful Niger Republic and indeed Africa and will use every Legal means to ensure that the wheel of regional and international justice are brought to bear on these outlaws.

We accordingly, call on the office of the Prosecutor of the International Criminal Court (I.C.C.) to pay more attention to the on-goings in the Republic of Niger and the Sahel region.
